## Solution providers for Hazardous location equipment

Unique, modified, or custom Hazardous Location equipment often requires “approval” prior to installation. With over 100 years of experience, UL’s Field Evaluation team is committed to designing and delivering tailored solutions and providing:

- Unparalleled engineering expertise
- Competitive pricing and flexible scheduling
- Comprehensive coverage that includes both Ordinary Location (electric shock and fire hazards) and Hazardous Location requirements
- Globally positioned staff for on-site visits

UL’s Field Evaluation team expertise includes:

- Panels, skids, motors, industrial machinery, HVAC equipment, and more
- Class I, II, III, Division 1 & 2 – Class I, Zone 0, 1, 2 – Class II, Zone 20, 21, 22
- National Electrical Code (NFPA 70), UL 698A, UL 1203, ISA 12.12.01, NFPA 496, UL 60079 Series, UL 508A, NFPA 79, UL 1995, and more
